### Mr. Crum's Potato Predicament by Anne Renaud

#### Words to Explore:

1. goulash—a soup or stew with meat and veggies.
2. devour—eat hungrily and quickly.
3. persnickety—fussy.

#### Questions:

1. Read the "Author's Note" at the end of the story. How many bags of potato chips are sold every year?
2. Look at the first illustration of Filbert P. Horsefeathers. Using the clues from the author's words, what do you think a "cravat" is?
3. Look at the illustrations of George working in the kitchen. Besides potatoes, can you name 3 other foods you see? Can you find 3 kitchen tools in the pictures?

#### Activity:

Create something in the kitchen with a special grown-up. Perhaps you'll help cook dinner or maybe bake something for dessert. Take a picture of your creation and include it in the notebook in this bag so others can see!
